

FOR IMMEDIATE RELEASE

Paul Oggelsby Appointed Chair of Report-URI Limited, Bringing Strategic Vision and Proven Growth Leadership to Leading Cybersecurity Vendor

London, 8th November 2024 – Report-URI Limited, the market leading website security vendor specialising in real-time monitoring and reporting, is thrilled to announce that Paul Oggelsby has joined its board of directors as Chair. Paul’s appointment marks an exciting new chapter for Report-URI as it expands its mission to deliver industry-leading solutions in the dynamic cybersecurity sector.

Paul Oggelsby brings a wealth of experience as a successful entrepreneur and seasoned executive. As the founder of a leading IT solutions provider, Paul has a proven track record of building and scaling businesses in highly competitive environments. His expertise in driving sustainable growth will be instrumental as Report-URI strengthens its position as market leader.

Serving some of the largest global enterprise organisations, Report-URI’s platform empowers its client’s to proactively monitor and enhance their website security, helping prevent costly data breaches. By providing tools for detecting and blocking malicious activity, Report-URI enables clients to discover, analyse, and address vulnerabilities before they escalate, ensuring compliance with the PCI DSS along with other security and compliance standards.

“We’re incredibly excited to welcome Paul as Chair of the board,” said Scott Helme, CEO of Report-URI. “Paul’s extensive experience in scaling several businesses will be invaluable as we move forward. His vision and strategic insight align perfectly with our goals to innovate and expand, and we’re confident that his leadership will help us reach new heights.”

“I’m thrilled to be working alongside someone as highly regarded as Scott and am excited to help build upon the excellent foundations the team have already established,” said Paul Oggelsby. “As Chair, my focus will be on supporting the leadership team in driving forward Report-URI’s strategic vision, driving sustainable growth and expanding its impact with its client’s security challenges.”

As Chair, Paul will work closely with Report-URI’s executive team to drive strategic initiatives, enhance customer success, and further establish Report-URI’s role at the forefront of the market. His leadership will help shape a forward-looking roadmap that balances technical innovation with sustainable growth.
